EGYPTIAN COTTON NEWS LETTER
(Not for publication)

Egyptian Cotton Breeding, Bureau of Plant Industry
U. S. Department of Agriculture

The information contained in this News Letter is drawn mainly from newspapers and trade journals, the published source of the information being given in every case. The object of the letter is to furnish information to officials and cooperators of the Department of Agriculture in regard to the condition of the market for long staple cotton. The Department assumes no responsibility for the accuracy and reliability of these quoted statements, and under no circumstances should they be republished as having been issued by the Department of Agriculture.

LONG STAPLE COTTON MARKET CONDITIONS

The New Bedford Sunday Standard-Times of March 30 states as follows:

"More active demand for extra staple cotton featured this and other New England consuming centers during the past week, and substantial trading was reported in many quarters of the market and usually at rather full prices. The search for low priced offerings continued active, especially in the selected medium lengths, but offerings were limited, and many shippers were unwilling to quote except on such cottons as they happened to have on hand.

* * *

"Based on May futures, cotton classed on government grade and staple types, F.O.B. New Bedford, is quoted as follows for strict low middling, for middling and for strict middling:

* * *

Inch and 1/8th - 215 to 250; 365 to 390; 475 to 525.

Inch and 3/16ths - 475 to 500; 650 to 700; 775 to 800.

Inch and 1/4th - 650 to 725; 850 to 950; 1050 to 1150."

EGYPTIAN COTTON NEWS LETTER
(Not for publication)

Egyptian Cotton Breeding, Bureau of Plant Industry
U. S. Department of Agriculture

The information contained in this News Letter is drawn mainly from newspapers and trade journals, the published source of the information being given in every case. The object of the letter is to furnish information to officials and cooperators of the Department of Agriculture in regard to the condition of the market for long staple cotton. The Department assumes no responsibility for the accuracy and reliability of these quoted statements, and under no circumstances should they be republished as having been issued by the Department of Agriculture.

LONG STAPLE COTTON MARKET CONDITIONS

The New Bedford Sunday Standard-Times of April 13 states as follows:

"Only scattering inquiry was reported in extra staple cotton markets here and in other New England cotton consuming centers during the past week. Certain mills are attempting to add to their stock of certain kinds of cotton and are putting out firm bids at slightly under the current trading level, being willing to take summer shipment, if necessary.

* * *

"Extra long fibered types have been inactive, but nominally unchanged, as has been the case with Pima, which is quoted nominally around 35 to 36 cents for number twos.

"Based on May futures, cotton classed on government grade and staple standards is quoted as follows for strict low middling, for middling and for strict middling, F.O.B. New Bedford:

* * *

Inch and 1/8th - 215 to 250; 375 to 400; 475 to 525.

Inch and 3/16ths - 450 to 500; 650 to 700; 775 to 825.

Inch and 1/4th - 650 to 725; 850 to 950; 1050 to 1150."

The Department assumes no responsibility for the accuracy and reliability of these quoted statements, and under no circumstances should they be republished as having been issued by the Department of Agriculture.

LONG STAPLE COTTON MARKET CONDITIONS

The New Bedford Sunday Standard-Times of April 27 states as follows:

"Continued active interest in cotton was shown by New England mills here and elsewhere, but actual sales very light and prices generally unchanged. Mills are fighting the basis, but are picking up odd bargain lots including some off grades. Trading is chiefly in selected shorter cottons and in medium lengths up to inch and five thirty-seconds, with special emphasis on inch and three thirty-seconds, mostly for forward shipment. No new crop activity is reported yet. Extra long stapled types have been inactive.

"Based on May futures, cotton classed on government standards is quoted as follows for strict low middling, for middling and for strict middling, F.O.B. New Bedford:

* * *

Inch and 1/8th - 215 to 250; 375 to 400; 475 to 525.

Inch and 3/16ths - 450 to 500; 650 to 700; 775 to 825.

Inch and 1/4th - 650 to 700; 850 to 950; 1100 to 1150."
